

9 February 1979

MEMORANDUM FOR: NFIB Working Group Members and Action Officers
FROM:
Security Advisor
SUBJECT: Security

STAT

1. Members and Action Officers are reminded that applicable security procedures are to be followed in the course of the present review of Special Access Programs.

2. Documents are to be appropriately marked and handled in compartmentation channels when they incorporate SCI material.

3. Participants in panels and working groups are required to hold access approvals for the material being addressed. Terms of reference for the various tasks have been narrowly defined and only those access approvals essential to conduct the business at hand are to be requested.

3. Continued adherence to the rules of need-to-know is essential to the success of the present exercise. A blanket injunction is imposed on the presence of observers at meetings of working groups. Only designated departmental representatives are to participate or be present at working sessions.
